Muztag Malaga

The elegant Malaga is inviting with its sleek design and large beautiful glass windows that provide an unspoiled view of the flames that can be seen from all sides.

Inside Malaga, there is room for a gas bottle with a size up to 315x580 mm. That way, the gas bottle is stored away and out of sight. Under the unit, wheels are fitted that make it easy to move and relocate the Muztag Malaga.

With an adjustable flame and a heat output of up to 7.3 kW, Malaga is the perfect gathering point for any party or get-together.

Should Muztag Malaga be stored outside when not in use. Then it is recommended to cover it with a protective cover.

Gas Bottle

The gas bottle can be hidden inside the unit. Maximum size 315x580mm

Muztag Marbella

Compact, elegant and functional patio heater that can be used outside all year round.

With an adjustable flame and a heat output of up to 7.3 kW, Muztag Marbella not only provides beautiful flames but also enough heat to prolong the early mornings and cosy summer evenings on the terrace.

The gas bottle is hidden away inside the patio heater, where there is room for a standard BBQ gas bottle with a maximum size of 315x580 mm.

Should Muztag Marbella be stored outside when not in use. Then it is recommended to cover it with a protective cover.

Gas Bottle

The gas bottle can be hidden inside the unit. Maximum size 315x580mm

Muztag Murcia

Murcia is a classic outdoor gas patio heater that makes your patio into a nice and comfortable living space.

Four large sides with glass give a clear view of the dancing flames. The mounted wheels make the fireplace easy to move and transport around.

The included lava rocks gives extra life to the flames and on a 11 kg gas bottle can the fireplace burn for up to 35 hours at a medium flame size.

Should Muztag Murcia be stored outdoors when not in use. It should be covered with a protective cover to prolong the lifespan of the unit.

Accessories

Get the most out of your new Muztag gas fireplace.

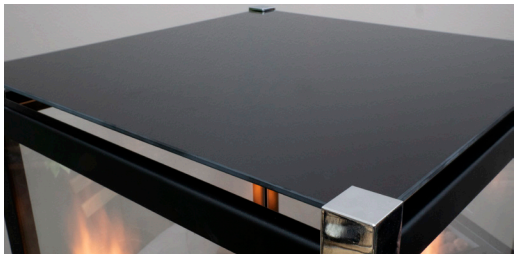
Choose from a variety of accessories that can change the visual expression or extend the lifespan of your Muztag gas patio heater.

Lava Rocks

Small lava rocks that give life and play to the flames in your Muztag fireplace. A set of lava rocks contains enough rocks to cover the burner in a standard square Muztag gas fireplace. *Lava rocks are included for all Muztag fireplaces.*

Decoration Wood

A set of decorative wood for Muztag gas fireplaces consists of one large piece of ceramic decorative wood. The wood is specially made for use with Muztag's *"pan"* burner and is, therefore, suitable to use in Malaga and Marbella.



Black Top Glass

Replace the transparent piece of glas at the top of the Muztag Malaga or Marbella with black glass.

Protection Cover

A protective cover for your Muztag gas fireplace will protect against bad weather and extend the lifespan of the fireplace.

IT DOESN'T
Matter Whether
THE GLASS IS
Half Full or
Half Empty
THERE IS
Clearly Room
For More Wine
